

European Cancer Congress - 2026

23rd - 24th November, 2026 | London

**Theme: Together Against Cancer: Science,
Solidarity, and Solutions**

Organised By

About The Conference

Welcome to the European Cancer Congress – 2026

Arjyopa Healthcare warmly welcomes you to attend the European Cancer Congress – 2026, scheduled for 23rd–24th November, 2026, in London, England. This year's Congress is organized around the powerful theme: "TOGETHER AGAINST CANCER: SCIENCE, SOLIDARITY, AND SOLUTIONS".

We cordially invite all participants who are passionate about sharing their knowledge and advancing research in the fields of Oncology and Cancer Research.

We are also pleased to share that the European Cancer Congress is a subsidiary of the World Cancer Congress series by Arjyopa, further expanding our mission to foster knowledge exchange and collaboration among cancer researchers, clinicians, and healthcare leaders worldwide. In 2026, we are excited to recreate that vibrant, inspiring environment while bringing new dimensions to the discussion — including the integration of complementary approaches in cancer treatment.

Cancer in England: Urgent Realities

In 2023-2025, the UK is projected to see around 420,000 new cancer cases diagnosed each year. This number is projected to rise to around 506,000 cases by 2038-2040. Between 2023-2025 and 2038-2040, the overall incidence rate for all cancers combined is projected to increase by 2%, reaching 625 cases per 100,000 people annually. Specific to females, the increase is projected to be 1%, and for males, it's projected to be 3%.

In 2022, 288,753 new cancer cases were diagnosed in England. The incidence rate was 21% higher in men than in women. More than half of these cases were diagnosed in people over the age of 70. Among adults aged 25 to 59, cancer was more commonly diagnosed in women, while for those aged 65 and older, incidence was approximately 50% higher in men.

Four types of cancer—prostate, breast, lung, and colorectal—accounted for over half of all diagnoses. Cancer remains a leading cause of death, responsible for over a quarter of all annual deaths in England, with 134,802 cancer-related deaths reported in 2021 alone.

A Global Call to Strengthen, Inspire, and Deliver

We expect to welcome thousands of cancer researchers, healthcare professionals, policy-makers, and industry experts from around the globe to London this November. Together, we will explore new frontiers in science, foster solidarity among the international cancer community, and develop actionable solutions to reduce the burden of cancer worldwide.

Join us alongside leading oncologists, scientists, clinicians, pharmaceutical innovators, university researchers, diagnostic experts, and healthcare professionals from every corner of the world.

We look forward to welcoming you to London in November 2026. Together, let's stand united against cancer—through science, solidarity, and solutions.

Focus of The Conference

Organized by Arjyopa Healthcare, the Congress aims to unite global efforts in the fight against cancer. This conference will serve as a catalyst for scientific progress, collaborative partnerships, and actionable solutions across all areas of oncology.

Core Focus Areas:

- ✦ Advancing Cancer Research & Innovation
- ✦ Enhancing Cancer Diagnosis & Treatment
- ✦ Integrating Complementary & Supportive Care
- ✦ Strengthening Global Cancer Control & Equity
- ✦ Fostering Education, Collaboration & Capacity Building
- ✦ Uniting Science, Solidarity, and Solutions

This year's theme, "TOGETHER AGAINST CANCER: SCIENCE, SOLIDARITY, AND SOLUTIONS," reflects our mission to bridge science with real-world impact and empower the global oncology community to deliver meaningful change.

Why to Attend the European Cancer Congress

The European Cancer Congress (ECC) is a global call to action in the fight against cancer. Whether you're a scientist, clinician, policy-maker, healthcare provider, industry expert, or patient advocate — this Congress is designed for you. Here's why you should attend:

- ✦ Discover Groundbreaking Research and Innovation
- ✦ Global Networking Opportunities
- ✦ Multidisciplinary Scientific Program
- ✦ Real-World Impact & Solutions
- ✦ Influence the Future of Cancer Control
- ✦ Continuing Education & Career Growth
- ✦ Experience London – A Global Health Capital

Join us in London and be part of a global movement driving progress in cancer science and care. Together, let's transform knowledge into solutions that save lives.

Who Should Attend the ECC

- ✦ Medical Oncologists, Radiation Oncologists, and Surgical Oncologists
- ✦ Cancer Researchers and Clinical Scientists
- ✦ Immunologists, Pathologists, and Molecular Biologists
- ✦ Healthcare Professionals and Hospital Administrators
- ✦ Pharmaceutical, Biotech, and MedTech Industry Leaders
- ✦ Oncology Nurses, Nutritionists, and Palliative Care Experts
- ✦ Public Health Specialists and Epidemiologists
- ✦ Cancer Advocacy Groups and Patient Representatives
- ✦ Academic Institutions, Research Laboratories, and Universities
- ✦ Students, Postdoctoral Fellows, and Early-Career Investigators
- ✦ NGOs, Government Bodies, and Global Health Organizations
- ✦ Health Technology Innovators and Biomedical Engineers

Abstract Submission

Authors are invited to submit abstract(s) using the submission form on this page. Abstracts should contain sufficient detail on the techniques used and the results, which will be shown. You will receive a confirmation when the abstract has been received. Please contact the conference secretariat if you did not receive confirmation within 5 working days. Submission implies the intent of at least one author to register, attend the symposium and present the paper orally or in poster format. Contributions will only be finally accepted after registration and payment of the conference fee. The abstract will be reviewed, and you will be notified of acceptance.

- ✦ The entire body of the abstract, excluding tables, must not exceed 250 words. Spaces are not included in this number. Title, authors' names, affiliations, figures, and tables are not included in the character count.
- ✦ The abstract may be structured (i.e., abstracts divided into sections using terms such as Introduction, Methods, Results, Conclusions, etc.) or unstructured.
- ✦ Do not use bold type or underline formatting. Italic type is acceptable.
- ✦ Text may be in multiple paragraphs.
- ✦ Any references should be noted as citations within the text and not as footnotes at the end

For abstract submission kindly visit <https://europecancercongress.com/> or email us at info@europecancercongress.com

Important Dates

1st Phase Abstract Submission Deadline: 15th November, 2025

Early Bird Registration Closes: 21st September, 2025

Registration Details

	Early Bird Registration Before 21st September, 2025	Regular Registration After 21st September, 2025	Spot Registration On 23rd November, 2026
General Category	USD 599	USD 799	USD 899
Student(UG & PG)/ Research Scholar	USD 499	USD 699	USD 799
Business Delegates	USD 799	USD 999	USD 1099
Package A	USD 1699	USD 1899	NA
Package B	USD 1999	USD 2199	NA
E-Poster	USD 299	USD 499	NA

For Registration Kindly visit <https://europecancercongress.com/onlineregistration.php>

Renato Dulbecco Memorial Award

Eligibility

- * Senior Scientist or Researcher e.g. Senior Faculty, Dean, Senior Scientist) are the focus of this event.
 - * The topic must fit into scientific sessions of the conference.
 - * Each individual participant is allowed to submit only one paper (as first author or co-author).
 - * All authors should have senior position or faculty position.
 - * Participants should be above the age of 50 years.
 - * Actively distribute information and promote the benefits of education and career matters.
-

Edward Kennedy Memorial Award

Eligibility

- * Junior Scientist or Researcher e.g. Associate Professor, Assistant Professor etc.) are the focus of this event.
 - * The topic must fit into scientific sessions of the conference.
 - * Each individual participant is allowed to submit only one paper (as first author or co-author).
 - * All authors should have junior position or faculty position.
 - * Participants should be below the age of 50 years and above the age of 30 years.
 - * Actively distribute information and promote the benefits of education and career matters.
-

Young Investigator Award

Eligibility

- * Young Investigator (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event.
- * The topic must fit into scientific sessions of the conference.
- * Each individual participant is allowed to submit only one paper (as first author or co-author).
- * Author should not have senior position or faculty position.
- * Participants should be below the age of 30 years.
- * Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multi disciplinary researchers.
- * Actively distribute information and promote the benefits of education and career matters.
